**PROGRAM FEATURES Windows 7 compatible**

Manages and controls weekly, monthly and annual meal statistics for all the various diets served.

- Links to Meal Management systems
- File maintenance system: i.e. - Built-in programs that survive power failures  
- Built-in error recovery facilities
- Back-up and Restore Systems onto hard disk / memory stick  
(backup is compulsory)
- Additional programs may also be added to suit the user / specific institution

**THESE PROGRAMS HAVE BEEN IN USAGE & DEVELOPMENT SINCE 1989**

- **Training involves on-site training of one user until the systems are fully operational**
- **Telephonic support is also offered. Most queries are resolved telephonically.**
- **All programs have a user-guide/manual.**
- **Programs operate best on dot-matrix, letter-quality, continuous feed, label printers, Eg Epson (136 column). – reliable**
- **The systems are not network-dependent, i.e. they are stand-alone systems.**
- **System may be linked – bridged to any other system using .txt files**
- **Program Management undertakes to support their software. Any hardware or network-related problems must be supported by the suppliers of these.**
- **There is NO MONTHLY MAINTENANCE FEE.**
- **There is NO ANNUAL LICENSING FEE.**
- **Callout fees are market related and an order number will be required**
